*Est. 2008 For The Marching Arts*

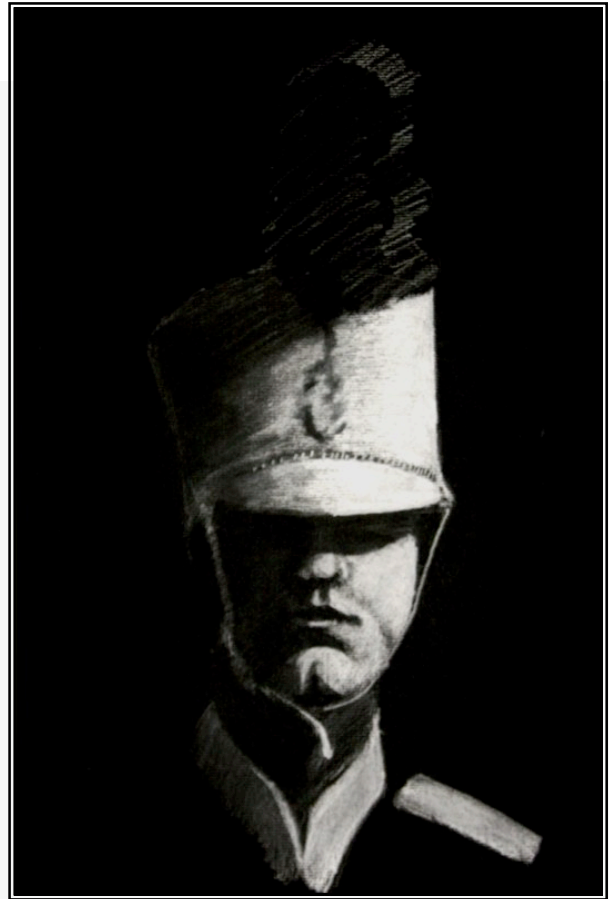

Capitol Leadership Academy...  
West Salem High School, June 20-22, 2012.

Metropolitan Leadership Academy...  
Liberty High School, July 16-18, 2012.

*These academies are intended for students who hold positions of leadership in their marching ensemble (winds, percussion, guard). Students that are interested in being a future leader are also encouraged to attend.*

*These academies are designed to instruct a complete "team" of leaders in a marching ensemble. The focus of these academies is to create an environment where drum majors and section leaders work together in all aspects. Although not mandatory, this experience will be most effective if all of your leadership team attends!*

*This is a "day camp" that operates from 9a to 7p. Although food and housing are not provided, there is assistance in coordinating home stays with local families participating in these academies. Otherwise, students will need to make their own arrangements for housing, transportation and providing their own lunch and dinner. Students must bring their own instruments, drum sticks/mallets, flag equipment and rifles.*
